

**fire safety house** from   
INFLATABLE IMAGES®

Introducing the all new inflatable fire safety house from Inflatable Images®!

Designed with firefighters & safety officials, the inflatable fire safety house is kid tested and an effective learning experience that's fun!

Sponsors will love the brilliant digitally printed graphics on the exterior of both the safety house and trailer!

**CALL FOR MORE DETAILS!**

Each system comes complete with all the necessary equipment needed to operate the unit. Electricity required. See reverse side for details.

*"Kids absolutely love it!"*

Firefighters appreciate it's ease of operation, storage/transport capability and use as a learning tool.

*"Children tend to retain more of what is taught when learning is associated with a fun activity."*

**The inflatable safety house ...is FUN!**

# dynamic • educational • affordable • fun!

The inflatable fire safety house is an effective teaching element, fun learning experience and dynamic medium for community based promotional, event and educational opportunities.

Inflatable Images can assist your funding efforts by providing full color rendered images showcasing your local level sponsors as they would appear on the safety house and transport trailer.
